enjoy

"Adventure by day, luxury by night. We never dreamed of a more perfect day - an exhilarating bike ride led by our Activities Director followed by snorkeling and swimming in the azul waters right off the stern of our yacht. Tonight we dined al fresco, our cuisine prepared with the freshest of ingredients, followed by a spirited sing along in the yacht's piano bar. Perhaps later, a movie on deck. Everyday should be so perfect."

indulge

"The perfect compliment to our artfully prepared cuisine was the spectacular selection of wines we tasted. After dinner we met new friends at the Top of the Yacht bar where we shared our travel stories and celebrated a perfect night with an after dinner cocktail courtesy of the vast selection of included spirits. To close out the evening we gazed at the infinite canopy of stars in an unspoiled night sky from a Balinese Dream Bed - This is the yachting life."

include

"The luxury of yachting is about personalized service and choice. Freedom to do what you want when you want. Experience fine dining, one crew member for each guest, numerous in-stateroom and onboard amenities - you will be spoiled from the start. From the complimentary morning Yoga or Tai Chi to the chef's creations at night, this trip is more than a vacation...It is a voyage for the senses and soul. It's yachting, not cruising."
